April 2, 2020

Dear Parents/Students,

Today, the State of Indiana announced schools will not return to their face-to-face learning in school buildings. They announced that a continuous learning plan must be turned in by April 17th to the state.

We traditionally attend 180 days each school year. We are told 160 days is the mandate this year. Our district had the means to do eLearning with our technology and training. Therefore, we had no need to request the use of waiver days. I will communicate the calendar and end of the school year as the final guidelines are provided from the Indiana Department of Education.

We will continue our eLearning as we had planned until I release the end of the school year plans. Keep eLearning! I am so proud of everyone!

Seniors have been heavy on my heart and all of yours I know. The communication of credits and graduating was given. Please know we anticipated this and have the status of our seniors for graduating. There are some seniors who may still need some work. Please wait to hear from us. We will contact you. Graduation plans are being considered and will be forth coming.

Our Brickie Family is strong. We will work hard to do everything we can to provide experiences for our students. Please stay tuned in for additional information as I make sure I follow every state guideline mandated.

Be safe, follow the guidelines for social distancing, no touching the face, and protect the people who are most at-risk! It is up to all of us to do our part!

Please know how much we miss and love our Brickies! They mean the world to us! We will keep connecting online! You too!

Sincerely,
Dr. Peggy Buffington
Superintendent of Schools
