

# Creating for Australia

by: Isabella Zabrecky #26!!!!

# 3 fun facts about Australia

Australia is the smallest continent in the world

4 out of 5 animals only live in Australia. About

70% of the world's marsupial species live in Australia.

## Sad news in current days

oh no

Australia is suffering a great drought. The drought and high temperatures over 127 degrees has caused great devastation in the form of bushfires. These bushfires started in mid December and have only been growing stronger.

# Rescue efforts

Volunteer firemen work over 10 hours a day to keep the flames at bay. There are at least 14 wildlife rescue hubs. They are each getting dozens of injured animals daily.

# How I can help

Australia needs our help. 12.35 million acres of land have burned displacing countless animals. There are tools that are needed to rehabilitate the animals: such as joey pouches, koala mittens, crocheted bird and rodent nests, blankets, hanging bags, and bat raps.

# Answer the call!

if you want to know how to help the very unique animals in Australia, here are some organizations:

- **Rescue Craft Co.**  
<https://Rccaaustralia.wixsite.com/rcca>
- **Wildlife Rescues Southcoast** [www.wildlife-rescue.org.au](http://www.wildlife-rescue.org.au)
- **Native Animal Rescue Group** <http://narg.asn.au>
