

Yuki the magical fish

By: Krystal Palma

Yuki's habitat

Yuki live's in magical pink and blue waters on Skyland. She has a nice colorful rocks to live with lots of different plants floating around.

Yuki's food

Yuki eats sugar crumbs and soft sparkly green plants on a good day. On a not so good day, she eats only bad crumbs.

Yuki's enemies

Yuki's enemies are octopus and squids. They try to gain on Yuki because she is her own fish. They get mad because she pays no attention to them and they end up leaving her alone.
