

## Using Google Classroom on a Phone

Know you'll be assigned something in Google Classroom and want to use your phone to access it and submit? There's an app for that. Here's how it works!

### Step 1: Download the Google Classroom App!

As a teacher or student, you can install the Classroom app on an Android, Apple® iOS®, or Chrome OS mobile device. The Classroom app is not available on Windows® mobile devices. On your computer's browser, you can just [sign in to Classroom](#)

Android	iOs	ChromeOS
<p>To use Classroom on your Android device, download the Classroom app from Google Play.</p> <ol style="list-style-type: none"><li>1. On your device, tap Google Play Store.</li><li>2. Find and install the Google Classroom app.</li></ol>	<p>To use Classroom on your iPhone® or iPad®, download the Classroom app from the App Store.</p> <ol style="list-style-type: none"><li>1. Find and install the Google Classroom app.</li></ol>	<p>The Classroom app for Chrome OS works like a bookmark to the web version of Classroom.</p> <ol style="list-style-type: none"><li>1. You can <a href="#">download it from the Chrome Web Store</a>.</li></ol>

**Step 2: Open the app and click “Get Started” to login to your account. Students will need to sign in with the school-provided gmail account. Your screen will look similar to this one:**

**Step 3: Students will see all of their classes on the screen. A student can click on a class to go to it, or a student can click on the 4 vertical lines in the top right hand corner to see a list of the classes they're enrolled in - these will automatically transfer over if the same school gmail account is used.**

**Step 4: Students will automatically be taken to the “Stream page” and can scroll through to see announcements, questions, and assignments.**

**Step 5: Student can also click on the 4 lines in the top right hand corner and scroll down to where it says “To do” - here, they will see any assignments their teachers posted for them to complete. Missing assignments will even show up here!**
