

## SQF Planning Tool

### School and System Quality Factors (SQF) Planning Tool

#### The Purpose of the SQF and SQF Planning Tool

The SQF is designed as a reflective tool for institutions to organize and focus their reflections on their ongoing improvement journey. As an institution utilizes the SQF for the first time, staff members are encouraged to become familiar with the School/System Quality Factors through a review of the factors and questions within the SQF. A review of the SQF will assist the institution in determining the necessary information and data analysis that will enable the institution to engage in a data driven process of internal reflection and assessment of your institution's current reality. This analysis and reflection will guide the identification of strengths and areas of need that provide the necessary data for successful improvement planning. This planning tool is designed to assist institutions in thinking about the data and information needed to guide the improvement journey.

#### How to use the SQF Planning Tool

To use this tool, institutions should have a copy of the SQF appropriate for their institution (school or system) and a copy of this planning tool.

- Look at the questions on the SQF and talk about the data and information necessary to answer each question.
- If you have the data or information necessary to answer that question, record those data sources in the first column listed as **data and information we have**
- If you do not have the data or information to answer the question, in the second column listed as **data and information we need**, you should record that data or information you need to be able to address the question.
- Once you have completed both columns for each factor on the planning tool, develop your plans to gather the data and information recorded in the second column (data and information we need)
- After you have gathered the data and information need, you should take all the data and information you identified in the first column along with what you have gathered from the second column and analyze that data for each factor.
- The final step is to use the results from your analysis of data to respond to the questions in the SQF. The SQF also has a narrative section that allows you to capture and summarize what you have learned from the analysis of the data for each factor.

## Clear Direction

The capacity to agree upon, define and clearly communicate to stakeholders the direction, mission and goals that the institution is committed to achieving. Mission and purpose driven and how this aligns with all actions that are then set out in a focused improvement plan along with ethical governance and leadership that undergirds all of it.

## Healthy Culture

The shared values, beliefs, written and unwritten rules, assumptions and behavior of stakeholders within the school community that shapes the school's social norms and creates opportunities for everyone to be successful. A healthy school culture creates an environment in which the school community at all levels is actively engaged, feels empowered to effect positive change, enjoys congenial and supportive relationships and is supported and mentored for success.

# Hobart High School Strategic Plan

	<a href="#">Catalog</a>			
--	-------------------------	--	--	--

## Resource Management

The ability of a school to plan, secure, and allocate its resources (human, material, and fiscal) to meet the needs of every learner. Resources align to learner-centric priorities; is able to find and support high quality talent; integrates digital resources; provides access to digital resources and strategically analyzes use of resources and outcomes/success.

<b>Quality of information to make meaningful decisions about this factor</b> <b>(Goals/Strategies/Interventions)</b>	<b>Data/Information available</b> <b>(Evaluation)</b>	<b>Data/Information we need in order to make meaningful decisions about this factor</b> <b>(New and Continuing Priorities)</b>	<b>Actions to take/Responsibility</b>	<b>Complete</b>
<p><b>Goal:</b> All students' achievement is ensured by providing resources and services necessary to support success.</p> <p><b><u>Resources and Support Systems Strategies/Interventions</u></b> :</p> <ul style="list-style-type: none"> <li>-The district employs a Director of Human Resources and Compliance who helps coordinate the employment and training of employees.</li> </ul>	<p><a href="#">Vision2020/Referenda</a></p> <p><a href="#">SCOH encrypted ARC: District planning</a></p>	<p>*1. ## Efficacy of Engagement

The capacity to engage learners and other stakeholders in an effective manner to improve learning outcomes. Engages the entire stakeholder education community in purposeful and meaningful efforts/activities that drive their active participation; checks in regularly with the stakeholder community and gathers their perceptions, opinions and feedback and has a plan to utilize the feedback and can show how it affected change in actions and/or processes. Ensures comprehensive services for all learners.

## Implementation Capacity

The ability of a school to execute, with consistency, actions designed to improve organizational and instructional effectiveness.

The capacity to implement processes and practices with consistency and with high quality prevents the naysayer statements of “see, nothing with these kids” when really it was a matter of poor implementation; and the knowledge and systems in place to identify poor versus excellent implementation from goal setting to professional development and from curriculum to project based learning.

<b>Data/Information Available (Evaluation)</b>	<b>Quality of Information to make meaningful decisions about this factor (Goals/Strategies/Interventions)</b>	<b>Data/Information we need in order to make meaningful decisions about this factor (New and Continuing Priorities)</b>	<b>Actions to take/Responsibility</b>	<b>Complete</b>

The district uses an Early Warning Intervention System (EWIS) for MTSS.</p> <p style="text-align: center;"><u>Data:</u></p> <ul style="list-style-type: none"> <li>-Five Star Pivot Program Transition to Skyward and 5Labs data warehouse.</li> <li>-Skyward Student Management System</li> <li>-EWIS: Attendance, Behavior, Course Grades (A,B,C Data)</li> <li>-MTSS Meetings and Plans</li> </ul>	<p style="text-align: center;"><u>Actions:</u></p> <p>2. EWIS used in PLCs to proactively identify students who are at risk of facing setbacks that will negatively affect their future. The EWIS, along with our MTSS, provides interventions as-needed and works with appropriate partners to meet needs of all students. In PLCs, the staff can collaboratively identify students at risk of not meeting important academic goals and explore underlying causes leading to academic risks, attendance issues, behavioral issues, and conduct.</p> <p style="text-align: center;"><u>Responsibilities:</u></p> <p>2. Superintendent, MTSS Leadership Team, Director of Counseling and Services, Director of College and Careers, Wellness Coordinators, Leadership Mento/Drug Program Advisor, Director of Technology, All Teachers, and the Director</p>	2018-2022
