

**Vision:** The School City of Hobart Community will foster intellectual curiosity, natural abilities, critical thinking, and literacy in students while developing respectful and responsible citizens who are excited about the challenges of tomorrow, confident in their ability to chart the future, and dedicated to the pursuit of lifelong learning.

**Mission:** At my school I pledge today to show respect in every way. Reading, Math, Technology, Exploring with Curiosity. I will learn in many ways and do my very first always. I'll be proud of my class and me because we are Brickies.

**Beliefs:** Learning is the shared responsibility of the school, student, parent and community. • Learning occurs best in a safe, secure environment. • Our schools value and respect diversity, creating an equal opportunity for all children to learn. • Successful learners, whether students or adults, set goals and monitor progress in achieving them. • Motivation to learn is influenced by a student's emotional state, beliefs, interests, and goals. • Students learn best when they are actively engaged in meaningful, challenging work. • Students learn best when the staff maintains high expectations for learning. • Successful students create and use a variety of thinking and reasoning strategies and can communicate ideas. • Interactions with adults, who serve as role models and mentors, contribute to student learning and achievement. • Effective educators engage in learning communities that use research and best practices that support the ongoing improvement of teaching and student performance.

<p style="text-align: center;">Clear Direction</p>	<ol style="list-style-type: none"> <li>1. Hobart High School and the district will engage community stakeholders to participate in Cognia strategic planning.</li> <li>2.
