

Associate Degree

Two Years of College Credit at HHS!

Hobart University students are able to graduate with an Associate Degree of General Studies (that is two years of college!) just by taking dual credit courses in high school! In order to obtain this, the students are required to earn 60 college credits (30 of those credits coming from the Indiana College Core) with a minimum 2.0 College GPA (average grade of a C in all courses). This prepares students to transfer into four-year universities on the pathway to a Bachelor's Degree, or students can move directly into the workforce.

While there are a variety of associate degrees to pursue, the Associate of General Studies allows the most flexibility in terms of student electives, as 22 of the 60 required credits can come from any dual credit classes. Two of the required courses are:

- IVYT 106 – Career Exploration: This course provides students with an overview of skills and strategies necessary to successfully complete a degree or certificate from Ivy Tech Community College and to transfer to a four-year institution. Students focus on developing an individualized transfer plan focused on obtaining the skills necessary to identify their life, educational, and career goals. This course is completed during the 9th grade year in Career Information and Exploration.
- GENS 279 – Capstone Course: This course provides a culminating experience designed to demonstrate student's mastery of information literacy; ethical and responsible behavior; political, social and environmental responsibility; and diversity awareness, both in general and in the student's area of interest. At Hobart High School, this class is discussion-based and reflects over your cumulative Hobart High School portfolio. You are added to this course senior year only if you are on track to graduate with an associate degree.

HHS Course Title	HHS Course #	Grade Levels	Ivy Tech Course #	# College Credits
OTHER INSTITUTIONAL REQUIREMENTS				
Career Information and Exploration	70000	Grade 9	IVYT 106	1 credit

STATEWIDE ELECTIVES				
ANY 100+ Level Dual Credit Courses				22 credits
ASSOCIATE'S DEGREE OF GENERAL STUDIES: 60 MINIMUM CREDITS				

TSAP

TRANSFER SINGLE ARTICULATION PATHWAYS...

WHAT IS THAT?!

If you choose a pathway that is partnered with TSAP (education, psychology, nursing, biology, plus more!), you can earn your first two years of college with us (an associate degree!) Then, if you attend public Indiana schools, they will accept that credential COMPLETELY, and you will enter college as a junior with only two years left!

WHICH COLLEGES TAKE PART IN TSAP?
